

The 2nd Annual European Gambling Policy Conference

Establishing a level playing field for gambling & gaming in Europe

Summer 2012 / Brussels

2011 Conference Overview

The inaugural European Gambling Policy Conference took place on the 28th June 2011 at the Sofitel Europe, Brussels and brought together key policy makers, national regulators and stakeholders for a full and frank discussion on the best way forward to achieve a market for online gambling services that is appropriately regulated.

During this event, the following subjects were examined:

- The publication of the European Commission's Green Paper on online gambling that calls for an extensive public consultation on all relevant public policy challenges and possible Internal Market issues resulting from the rapid development of both licit and unauthorised online gambling offers directed at citizens in the EU.
- The necessity to determine whether differing national regulatory models can realistically co-exist within the Internal Market or whether now is the time to establish a harmonised EU-wide framework.
- The ever-topical challenges facing the online and offline gambling industries including fraud and criminal activity, issues surrounding integrity, consumer protection, and problems and solutions surrounding the positive and negative social impacts of gambling.
