# 5G IN ACTION

Working together to build the connected communities of tomorrow

5 July 2019 | Bournemouth . UK

## About the Event

The hyper-connected era of 5G is upon us. All across the UK and Europe, local authorities are partnering with a wide range of partners including technology providers, academia and vertical industries to roll-out a series of localised trials and testbeds and enable us to see real-world examples of 5G applications and technologies in action.

Bringing together key 5G stakeholders from all sides, this 1 day conference will provide an opportunity to look at the technical and practical considerations that need to be taken into account when rolling out a 5G network, and the benefits that the technology can provide.

The technical improvements that 5G will bring in terms of faster, more reliable downloads and better connectivity are undisputed. This will be an opportunity to look at how these can be translated into real-world benefits where it really matters - to consumers, businesses, and communities everywhere. It will show how, by working together, stakeholders can harness the benefits of 5G and build the connected communities of tomorrow.

## Why get involved?

- ▶ The chance to promote your organisation to delegates including Local authorities and Government representatives, Public sector representatives, Technology and connectivity providers, Vertical industries and private businesses, Research institutes and academia and Citizen and consumer groups.
- ▶ The opportunity to strengthen corporate and community relationships and an unrivalled platform to expose your organisation to key markets.
- ▶ Interact with delegates face to face during the numerous networking opportunities including the invitation only dinner.
- ▶ Benefit significantly from a highly sought after platform to share your view to a keenly interested, relevant and, above all, influential audience.

**There are two separate sponsorship packages available for the event, designed to offer optimum exposure for the budgets that are available. Details of these can be found on the following page. For more information on sponsorship packages or to explore involvement in this event, please contact Fiona Hosking on the details below.**
